

**Hi, I'm (name). I am a member of the Governor's Advisory Board on Service and Volunteerism. I was honored this year to be appointed to the Board by Governor McAuliffe. Our Board supports the Governor and the Commonwealth in efforts to increase awareness and participation in volunteerism and service. We help promote volunteerism opportunities like MLK Day of Service, and each year we help select and honor outstanding volunteers for the Governor's Volunteerism Awards. We also promote national service, and serve as the Commissioners for the Virginia AmeriCorps program which serves in communities across the state in focus areas like education, employment, and veteran's services.**
